

**"Meet and Greet" prior to the conference is a great way to meet colleagues and network before the conference.**

During the past three years, the Sunday Evening before the conference is a time for people to gather, have some beverages and snacks and meet long time friends, colleagues and former colleagues.

So, make sure you plan to take the time starting on Sunday (8 May 2011) at 7:00pm to meet with us in Cologne until we close at 10:00pm and enjoy yourself.

We always enjoy catching up with colleagues and meeting new people. Also, don't forget to check off the "Meet and Greet" when you register for the conference.
